

# CNC - PL Machine Lamp

We designed the Machine Lamp for CNC and EDM machines that provides protection against many oil and coolant, as well as against dust and chip.

PL Tube Type	PHILIPS or OSRAM
Ballast	Electronic Ballast
Brightness	Aluminium Reflector Sheet
Structure	Nylon Bracket
Operating Current	230V AC
Tube Colour	White
Glass Tube	Borosilicate Glass Tube 60 x 3.2mm thickness
Index of Protection	IP 67
Electrical connection	3 Core Cable x 2 meter Long

Model	Power Supply	No of PL Tube	Power Watt	Dimension (mm)	Driver
CNC - PL 9W	230V AC	1 Tube	9W	60 x 375	Internal
CNC - PL 11W	230V AC	1 Tube	11W	60 x 470	Internal
CNC - PL 18W	230V AC	1 Tube	18W	60 x 375	Internal
CNC - PL 9W x 2	230V AC	2 Tube	18W	60 x 580	Internal
CNC - PL 36W	230V AC	1 Tube	36W	60 x 580	External
